Education

National Institute of Information Technology (NIIT)

GNIIT Course, Information Technology

2017 – 2020

New Delhi

GPA: 8.1

Hemwati Nandan Bahuguna Garhwal University

Bachelor of Arts (Micro Economics)

2015 – 2020

Uttarakhand

GPA: 7.2

Experience

Delhi Digital Co.

Aug. 2024 – Present

Full Stack Developer

Shopify, Node.js, MongoDB, Remix

- Developed and maintained backend services, databases, and APIs for Shopify apps and web platforms.
- Built Shopify Hydrogen (Oxygen) headless storefronts using Remix with SSR and GraphQL.
- Integrated third-party services including custom checkout flows, SMTP, OAuth, OAuth2 and authentication.
- Deployed and managed production systems using AWS, Vercel, and Fly.io.
- Maintained and enhanced existing products used by live merchants.

Rezoni

Dec. 2022 – Aug. 2024

Web Developer

React, JavaScript, Shopify

- Developed and customized Shopify themes and responsive web interfaces.
- Integrated REST APIs and improved website performance and UX.
- Collaborated with clients to deliver scalable web solutions.

Matrix Infotech Solution

Feb. 2022 – Sep. 2022

Web Developer / Intern

HTML, CSS, JavaScript

- Built responsive websites and assisted in backend feature development.
- Worked on live production projects under senior developer guidance.

Projects

Ultimate Variants & Swatches (Shopify App)

2025

Shopify App Store Application

Node.js, Remix, GraphQL

- Published Shopify app enabling product variant grouping and swatches.
- Built using Shopify Admin & Storefront APIs, Polaris UI, and MongoDB.
- App Link

PYKO (Headless Store)

2025

Luxury Watch Brand

Hydrogen, Remix, Tailwind CSS

- Headless Shopify store built using Hydrogen and Remix with SSR.
- Integrated PayU Breeze checkout, Omnisend, and GSAP animations.
- Live Website

The Wouff – Headless Shopify Store

2025

D2C E-commerce Storefront

Hydrogen, Remix, GraphQL

- Developed a fully headless Shopify storefront using Hydrogen and Remix with server-side rendering (SSR).
- Integrated Shopify Backend APIs and Storefront GraphQL API for products, collections, cart, and checkout flows.
- Implemented secure and performant data fetching with Remix loaders and actions.
- Ensured SEO optimization, fast page loads, and scalable architecture for production use.
- Live Website

Hullect Services – Job Management Portal

2024

Admin Dashboard & Career Portal

Node.js, MongoDB, REST APIs

- Built complete job management system with admin panel to add, update, and delete job listings.
- Implemented applicant tracking, shortlisting, rejection workflows, and SMTP email notifications.
- Synced admin data dynamically to public career pages.
- Live Website

Rishikesh Aura Inn – Hotel Booking Platform

2024

Booking Website with Admin Panel

Next.js, Tailwind CSS, MongoDB

- Developed hotel booking platform with admin dashboard to manage reservations.
- Implemented booking analytics, availability tracking, and customer management.
- Built responsive UI using Next.js and Tailwind CSS with backend APIs.
- Live Website

Snowflakes – Winter Effects (Shopify App)

2024

Shopify App Store Application

Node.js, Remix, Shopify APIs

- Published a Shopify app that adds festive winter snowflake animations to storefronts with one-click activation.
- Allowed merchants to customize snowflake size, speed, density, and enable or disable effects instantly.
- Built lightweight, performance-optimized animation logic that does not impact storefront speed.
- Developed using Shopify Admin & Storefront APIs, Polaris UI, and MongoDB.
- Live Website

Indian GST Invoice (Shopify App)

2024

Shopify App Store Application

React, Node.js, Express, MongoDB

- Built a Shopify app to generate GST-compliant invoices for Indian merchants with real-time order syncing.
- Enabled bulk invoice generation, printing, and customizable invoice templates.
- Implemented HSN/SAC code management, tax calculations, and GST compliance workflows.
- Developed using a Shopify Node template with React frontend and Express-based Node.js backend.
- Integrated Shopify Admin APIs, webhooks, and Polaris UI for seamless merchant experience.
- Live Website

Also developed multiple visually stunning and high-performing Shopify store websites for global clients. Portfolio available on request.
